

## The HotRot Composting System

**OdourFree**<sup>TM</sup>  
GUARANTEE

*HotRot guarantees that plant designed, installed and operated according to our guidelines will not result in odour problems for your business.*

*The composting process releases gases that smell. HotRot ensures that these gases are adequately managed and do not reach noses that will be offended by them.*

*The OdourFree Guarantee is underpinned by:*

- *Operating procedures to minimise odour generation*
  - *Containment by design*
  - *Effective odour treatment*
